✓ April 2026 — No Undisclosed Fees Charged

PCI Non-Compliance Fee and Monthly Statement Fee were disputed following the March 2026 statement. Neither fee appears on this statement. Visa Network Assessment (\$15.09) is a compliant pass-through per agreement Sec. 1.

Sentry note: Contrast with March 2026 — if R-MFR-051 was triggered in March, April confirms whether the overcharge was systematic or one-time. Recovery period: March only (\$114.00).
